BRITISH MAKE SUCCESSES OF LAST FEW DAYS COMPLETE BY CLEARING OUTPOSTS OF HUNS

Positions Along Hindenburg Line
Temporarily Recaptured by
Huns Are Regained

MUCH ACTIVITY NEAR CAMBRAI

English Forces Occupy Bridge Ap-
proaching Hindenburg Line and
Hammer Germans

ESSIGNY LE GRAVE IS TAKEN

French Capture Town Four Miles
South of St. Quentin, War
Office Announces

(By United Press.)

Paris, Sept. 20.—Hundreds of
Bulgarians were captured Wednes-
day in the Salomika district, ac-
cording to reports here today.

London, Sept. 20.—British oper-
ating in the Archangel territory
have captured the enemy's largest
steamer on the Divina river, it was
officially announced today.

Paris, Sept. 20.—French troops
yesterday captured Essigny le Grave
four miles south of St. Quentin, the
war office announced today.

East of the Ailette the line was
marked by violent enemy action, the
statement said. Five different coun-
ter attacks were broken up north of
Allemant.

With the British in France, Sept.
20.—The British have made extra-
ordinary successes of the past two
days complete.

Germans who held the outposts
of the Hindenburg line between Cam-
brai and St. Quentin have been
cleared out, while in some places the
British have gained outposts posi-
tions, temporarily recaptured by the
enemy and absolutely essential to the
safety of the great defensive
system.

British troops now occupy a
bridge approaching the line and their
artillery is now hammering the Ger-
man strongholds in this sector.

Australian troops have pushed
forward and the allies have pene-
trated farther.

These facts show the earnestness
of the German resistance, with
which they attempt a checking of
the allies.

Mouvres is Recaptured

London, Sept. 20.—British troops
recaptured Mouvres, 7 miles west of
Cambrai, in an attack last night.
Field Marshal Haig announced to-
day. Fighting is still continuing in
that region. There were local en-
gagements on other parts of the
battle front.

The British advanced their line a
mile in the Lempire-Epchy sector
yesterday in the face of strong op-
position.

Shortly before noon yesterday,
British troops attacked in the Lem-
pire-Epchy sector, the statement
said.

Despite considerable opposition,
they made valuable progress to a
depth of more than a mile.

Allies Advance in Macedonia

London, Sept. 20.—Allied troops
are advancing on a 35-mile front in
Macedonia, according to dispatches
from the Salonika battle front to-
day.

The Serbians have crossed the
Terna river. The fighting front has
been widened until it extends 25
miles east of the Terna, where the
allies have advanced between 15 and
17 miles at Dorian, the British have
moved forward on a 10-mile
front.

The Bulgarian front system in
the Balkans has been broken and
the allies have entered the country.

and the city of Dorian is now safely
held.

Must Sacrifice Reserves

Paris, Sept. 20.—The main line
everywhere menaced and a possible
second defeat more disastrous than
the first, Hindenburg is forced to
sacrifice part of the Prussian re-
serves in an effort to save himself.

Facing the prospect of a second
retreat, probably more disastrous
than the withdrawal to the Hinden-
burg line, Von Ludendorff is sacri-
ficing his precious reserves in an
effort to save the situation on the
west front.

British attacks have been follow-
ed by German counter actions in a
continuous battle since Wednesday
morning, despite unfavorable weath-
er. The Huns, however, have been
unable to deprive Haig's men of
their gains, and each ferocious
thrust has increased the enemy's
casualty list, which is described in
some London advices as staggering.
Piles of German dead cover the
ground before the British lines be-
tween Cambrai and St. Quentin.

Overcoming the tenacious Ger-
man resistance, the British and
French have been progressing slowly
in their movement which is on the
flanks of Lille and Douai in the
north and St. Quentin, farther
south. More than 10,000 prisoners
have been sent to the British cages
since Wednesday morning, and the
French have added several hundred
to the total. The allied menace to
the German bases in Picardy has
forced Von Ludendorff to assemble
considerable concentrations of men
and materials for their protection.

General Mangin, standing before
the St. Gobain massif in the region
north of Soissons, is threatening
the enemy, the presence of the pow-
erful French army pinning down a
proportionate number of the middle
German reserve.

Rains and cloudy weather have
hampered greatly operations of
General Pershing's army in Lor-
raine. Aerial work has been limited,
but the long range guns have
continued their shelling of Metz.
German efforts to raid the American
positions early yesterday were re-
pulsed. In two bombardments of
forty-five minutes, during which gas
and high explosive shells were used,
the enemy sought to prepare the way
for his infantry. At no point did
the bodies reach the American pos-
itions.

Diminishing of German effective
fighting forces as a result of the al-
lies' hammering is shown in author-
ity.

AGREEMENT FOR HUN EVACUATION

Dispatches From Petrograd Say
Germans Agree to Give up Oc-
cupied Territory

BOLSHEVIK FORCES DEFEATED

(By United Press.)

Stockholm, Sept. 20.—An agree-
ment has been signed providing for
German evacuation of occupied ter-
ritory, according to dispatches from
Petrograd.

London, Sept. 20.—Overwhelming
defeat of Bolshevik forces com-
manded by German officers, was re-
ported in official dispatches from
the Murman coast today.

German forces were severely de-
feated, the statement said. The en-
emy suffered heavily and left in the
order.

Over a thousand men, including
hundreds of officers, were captured.

FINED FOR STEALING COAL

Sentence Of 30 Days In Jail Sus-
pended in Mrs. Davis' Case

Mrs. Betsy Davis was fined five
dollars and sentenced to thirty days
in jail in the mayor's court yesterday
for petty larceny. The sentence
was suspended, however, during
good behavior.

The arrest followed the trouble
which developed between the de-
fendant and A. T. Mahin superin-
tendent of the City Water and Light
plant when several baskets of coal
had been taken by the women from
the plant, refusing to return them
after the theft had been discovered.

FIRST FROST OF FALL IS EXPECTED TONIGHT

Weather Man Predicts One, Follow-
ing Reports of Frost Many
Places Last Night

NONE FOUND IN THIS COUNTY

The first frost of the fall is ex-
pected tonight. The weather man
says to prepare for one.

Frost was reported from many
parts of the state last night, but no
reports of frost were heard here to-
day. Inquiries were made in many
parts of the county and from every-
where came the reply that there was
no evidence of frost.

Frost will do damage to garden
truck, it is stated, but unless it is
extremely heavy, the corn will not be
harmed. Light frosts at this season
are beneficial to the corn, it is
stated, because they hasten matur-
ity.

The temperature was not near
freezing here last night, but freezing
temperature was reported in several
counties in northern Indiana. The
first frosts do not come in Indiana,
as a rule, before October. Some
warm weather is expected now by
the weather man.

RUSH COUNTY SEVENTH IN STATE W. S. S. LIST

Johnson County Leads Hoosier State
In Drive For War Saving Stamp,
Sales

COUNTYS PER CAPITA \$19.36

With per capita tabulated at \$19-
36, Rush county has been given sev-
enth place in the rank of Indiana
counties which have made the great-
est advance in the sale of War Sav-
ing stamps.

Johnson county is in the lead with
a per capita sales amounting to \$24-
40 and Ohio county second with
sales amounting to \$22-40. Ripley
county, fifth to Union and sixth to
Payette county. The fact that there
is only a fractional difference among
the per capita sales of the last three
named makes it most probable that
the next report from the state head-
quarters will place Rush county
much nearer the head of the list
since the cash sales as well as pled-
ges are making rapid advances.

PEACE OFFER STILL OPEN

So Says Official Dispatch Vienna
Received at Amsterdam

(By United Press.)

Amsterdam, Sept. 20.—"Austria-
Hungary's offer is still open." This
statement was contained in an of-
ficial dispatch from Vienna received
here today.

The dispatch stated Secretary
Balfour's reply contains harsh con-
ditions regarding the central em-
pire's attitude toward peace, which
it could not have made in the
present state of affairs.

TO SEARCH AGAIN FOR KAISER POEM

School Officials Expect Order From
State Superintendent to Take
Verse From Readers.

CREEPS INTO CHILD CLASSICS

Book Companies Instructed to Re-
move "The Kaiserblumen" Last
Year—Eradicated Here.

Because "The Kaiserblumen" has
again found its way into some of the
third readers of the Child Classics
series, a request for the examination
of all of the classics is expected from
the office of the state superintendent,
Horace Ellis.

Although the pages containing the
poem were pasted together by the
classes last year, the poem has again
made its appearance in some of the
newly released books despite the
fact that book companies were or-
dered to leave the poem out of future
copies of the book. The appearance
of the poem again is probably due to
the fact that some of the books
which were printed before the order
became effective, have been placed on
sale without the knowledge of the
book company.

A careful investigation of all of
the classics in the county will be
made since it is certain that no
Rush county parent nor teacher
wishes the students to be given a
false impression of this "canonized"
character in which the Kaiser is
portrayed. The poem is a weak-
kneed effusion which is partly re-
sponsible for the German people
placing the Kaiser on the same level
with their "Gott." It follows:

While into the Emperor's face
A beautiful light came stealing
—And he stooped with stately grace;
Taking the ruined blossoms
With gentle words and mild
He comforted with kindness

The heart of each trembling child,
The poem is the work of Miss
Edin Thaxter, who failed to remark
of any comforting words which the
Kaiser spoke to the little trembling
Belgian children or failed to state
whether or not it was to the Belgian
youngsters to whom that "beautiful
light" was directed. Because the

SUES ASSIGNEE OF R. W. NOYER FOR \$2,000

Mergenthaler Linotype Co. Files Suit
Against Will Newbold to Foreclose
Mortgage on Machine

NOTES PAST DUE, IS ALLEGED

The Mergenthaler Linotype com-
pany has filed suit in the circuit
court for \$2,000 against Will L.
Newbold, assignee of Richard W.
Noyer, former publisher of the
Jacksonian, to foreclose a mortgage
on a Linotype machine sold by the
company to Mr. Noyer.

In the complaint it is set forth
that on August 8, 1917, Mr. Noyer
executed to the plaintiff six notes
for \$25 each, thirty-three for \$30
each and one for \$38, one or more
to be paid on or before the twen-
tieth day of each month for sixty
consecutive months, beginning with
October, 1917. Each note, it is al-
leged, bears six per cent interest,
dating from August, 1917, and the
defendant Noyer had the privilege
of paying off two or more monthly.
Failure to pay insurance or any of
the notes when they fell due made
all them automatically become due,
according to the complaint. The first
named notes, four in number, it is
alleged, are long past due, including
the interest. It is also alleged that
no insurance has been paid by the
defendant Noyer, according to the
complaint.

CITY MADE PARTY TO SUIT

Becomes Defendant in Action
Brought by I. & C. For Injunction

The city of Rushville has been
made a party to the injunction suit
brought by the I. & C. traction com-
pany to prevent the Third street
contractor, George T. Miller, and his
foreman, Roy Evans, from tearing
up the street preparatory to paving
it with brick. A temporary re-
straining order was granted when
the suit was filed on September at
a preliminary hearing, a temporary
injunction was issued. The case has
been set for further hearing on Oc-
tober 1 at 9 a. m.

REGISTRANTS MEET AT MOSCOW CHURCH

Four Assistants to Legal Advisory
Board Are Appointed to As-
sist With Questionnaires

BOARD IN SESSION EACH NIGHT

A meeting of military registrants
was held at the Moscow church last
night and Donald Smith and Gates
Ketchum of this city explained the
information which they should gather
before they attempt to have their
questionnaires filled out. John Ger-
naghty, Will Ward, Rex Chappell,
and Charles Owens were appointed
assistants to the legal advisory
board for that township and will be
at the school house in Moscow each
evening to help registrants.

This method has been followed in
nearly every town in the county. It
is being done this time for the con-
venience of the registrants, so that
it will not be necessary to come to
Rushville to consult the advisory
board.

Assistants of the board may be
found at the sheriff's office in the
court house each evening from 7 to
9 o'clock. Only one registrant re-
ported last night to have his ques-
tionnaire filled out, but they are ex-
pected to come more rapidly now
because of the increased number
waited daily.

THREE SELECTS TO LEAVE NEXT WEEK

Lewis Lytle Goes to Camp Dodge,
Iowa and John P. Frazee, Jr.
to Columbus, O., Monday.

COLORED MAN ON WEDNESDAY

Three Rush county selected men
will leave for training camps next
week.

Lewis Lytle of Chicago, formerly
of this city, who registered here and
was held for limited service, will de-
part Monday for Camp Dodge, Des
Moines, Iowa, to take the place of
Walter Oneal of Carthage, who was
rejected a few weeks ago because of
physical unfitness.

John P. Frazee, Jr., will also be
sent to camp Monday. He will en-
train at 11:24 a. m. over the C. I. &
W. for Columbus Barracks, O., to fill
a call for a limited service regis-
trant qualified as a typist. This
was a voluntary induction call, but
as no selected men were listed for
induction, Rush county was instructed
to supply one man.

Albert Edwards, colored, of Car-
thage, will leave next Wednesday for
Camp Custer, Battle Creek, Mich.
The county was asked to send three
colored men on this call, but as
there was only one ready for induc-
tion, only this number could be sent.

NINE DRY ZONE PROPOSED
Washington, Sept. 19.—Prohibition
of the sale of intoxicating liquors
within five miles of a coal mine for
five days after Oct. 1 is proposed
in a bill introduced by Sen. S. D.
Dingle.

RECRUITING IN MARINES OPENED

Notice Received By Postmaster
Hunt That Enlistments Will Again
Be Accepted.

VOLUNTARY INDUCTION PLAN

Names Of Recruits Will Be Sent To
Provost Marshal Who Will Order
Their Induction.

Postmaster G. P. Hunt, in charge
of the United States marine corps
recruiting station here, has been
notified that recruiting in this de-
partment of the service will be re-
sumed October 1. The announce-
ment is of lively interest to young
men of this county where especially
among the more recently drafted
youths, there has been a show of
disappointment because this branch
was closed to enlistments. The tel-
egram received from the Washington
office follows:

"On Oct. 1 marine corps recruit-
ing will be resumed as follows: Re-
cruiting stations will continue to ex-
amine and select applicants as hereto-
fore. All names of accepted ap-
licants will be reported direct by
the office in charge of marine corps
recruiting districts to the provost
marshal general at Washington, D.
C., by mail on prescribed forms that
will be furnished to recruiting ser-
vice.

"The provost marshal general will
direct the local board concerned to
induct the individual applicant into
the marine corps, and direct him to
report to the district headquarters
from which the request was received.
District headquarters will then enlist
the applicant for general service or
in special cases enroll him into the
marine corps reserve for limited ser-
vice and forward him as heretofore
to recruit depot or in special cases
to designated barracks. No division
must exceed the quota that will be
assigned. Maintain present stand-
ard. Service record books will be
made out at district headquarters
and men subsequently rejected at
recruit depots must be regularly dis-
charged by medical survey or as
otherwise directed."

FIRST LOAN MEETING SET FOR MONDAY NIGHT

Dr. Elwood Perisho, Chairman Of
South Dakota Council of De-
fense, To Speak At Arlington.

PLEDGE-TAKING IS STARTED

The first meeting in Rush county
in behalf of the Fourth Liberty Loan
campaign will take place Monday
evening, Sept. 23 in the Arlington
Methodist church under the direc-
tion of the loan committee of
Posey township.

Although at the opening of the
campaign, county officials stated
that the holding of preliminary meet-
ings would not be furthered because
of the fact that the drive is being put
over as quietly as possible and with-
out any great demonstration, T. M.
Green, county chairman, stated that
he would arrange for speakers if any
township chairmen believed patriotic
meetings would assist them in their
local drives.

The meeting on Monday evening
will be addressed by Dr. Elwood Per-
isho, president of the state universi-
ty of South Dakota and chairman of
the state of defense council. Dr.
Perisho is touring the country in be-
half of war propaganda of the
country and his address will doubt-
lessly be one of the features of the
campaign in Rush county.
Reports from each township indi-
cate that there is a large amount of
interest in the drive. The county
committee is confident that the
drive will be a success.

An Appeal for Clothing
To be used Relief Work in Belgium
REMEMBER the CAMPAIGN DATE
September 23-30

CABLEGRAM FROM HERBERT HOOVER TO HENRY P. DAVISON
Henry P. Davison,
Chairman Red Cross War Council,
Washington, D. C.
The ten million imprisoned people in occupied Belgium and France are facing shame, suffering, disease and some of them death for lack of clothing this winter. They must be helped. I hope that the Red Cross will undertake a renewed campaign to obtain this clothing in America. It can come only from us.
Your first campaign yielded magnificent results, bringing in fully 5,000 tons of clothing in good condition. But much more is needed if these war-ravaged people are to get through the winter in decency and safety.
In the face of brutal coercion and spiritual suffering they remain splendidly courageous. This courage challenges our charity. Let us match the courage of Belgium by the generosity of America.
HERBERT HOOVER.

(This extract from a letter of a well-to-do lady of Brussels shows the conditions exactly.)
"Perhaps you will laugh when you hear that I wear a cloak made from my husband's garde civique overcoat, a waist made from his football shirt, and a skirt made of a dyed bedsheet. Mother had a suit made of the tablecloth, J. and M have cloaks made of woolen blankets, and S a dress made of burlap. But all this is only amusing in comparison with the wretchedness of the population. After all, we remain calm and confident of victory."

Garments, Piece Goods, Leather — All Are Urgently Needed.
Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new born babies; ticking; sheeting; blankets; woolen goods of any kind; shoes of every size are asked for. Scrap leather is needed for repairing footwear.
Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.
Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.
DO NOT SEND garments of flimsy material or gaudy coloring, ball dresses, high heeled shoes, etc.
Stuff hats, either men's or women's straw, dress or derby.
Anything containing rubber, raincoats, rubber boots, etc.
Note—Rubber heels can easily be removed from shoes.
Books, toys, soap, toilet articles.
Notes or communications of any sort or description must positively not be sent.

GARMENTS NEEDED

MEN'S WEAR	GIRLS' WEAR
Shirts (preferably of light colored flannels)	Dresses
Undershirts	Skirts

OCTOBER 2 WILL BE STEED CORN DAY
Five County Agents of This Section Will be Here For Purpose of Selecting Seed

PLAN RECENTLY WORKED OUT
Each Agent to Conduct Three Meetings, Making Fifteen to be Held in Fields of County

Wednesday, October 2 has been selected as "Rush County Day" in the district campaign which will be carried on during that week for the selection of seed corn.
At a recent meeting of the county agents of this district which was held in Indianapolis, complete plans for the necessary campaign were made and with the county agents of each of the ten counties working in cooperation, they expect to get results as far as the seed corn selection drive is concerned.
Rush, Shelby, Johnson, Bartholomew, Decatur, Hancock, Marion, Hendricks, Morgan and Hamilton counties were represented at the conference. The district has been divided into two districts with the five county agents in each section working together in their campaign plans.
The plan adopted for the drive provides that one day during the week will be given to each county's selection. On that day the five agents in the section will hold three meetings each in various parts of the county thus covering the territory thoroughly in one day.
All of the fifteen meetings which will be held in Rush county will take place in the fields if the weather will permit because, as County Agent Dietrick pointed out, when the selection is made from the corn on the stalk, the best corn can be selected much easier and diseases can be identified more accurately.
Rush county's corn crop for 1919 depends upon the selection of seed to be made during the drive and for this reason it will be one of the most vitally interesting "periods" to corn growers of the county. Last spring farmers fell back on old corn for their supply for seeding purposes but since all of this reserve was planted there is no assurance of enough seed for the 1919 planting other than a careful survey of the fields during the week of Sept. 29.

FINAL ARGUMENTS ON CAR FARE PETITION
Commission Has Heard All Evidence In The Case, Spending Many Days To Hear Witnesses

ASKING RAISE IN CASH FARE
Indianapolis, Sept. 20.—Final arguments in the petition of the Indianapolis traction and terminal company for an increase in fare before the public utility commissioners were made today. The commission has heard all the evidence in the case, spending many days in hearing witnesses.
The company is asking for at least a five-cent cash fare. The former rate was six tickets for a quarter. Officials of the company contended that even this would not allow them sufficient funds to operate without losing money, saving that a six-cent fare would be necessary to pay all expenses.
Service of many kinds has been impaired because of lack of funds, the officials charged.

Four Per Cent Bonds Must be Converted by November 9
By W. G. McADOO
(Secretary of Treasury)

The privilege of conversion which arose in consequence of the issue of 44% bonds of the Third Liberty Loan will expire on November 9th and under existing law cannot be extended or renewed. Holders of these 44% bonds lose nothing by exercising the privilege of conversion and gain 1% interest per annum. Holders of 44% bonds should not wait until the last moment to exercise the privilege of conversion but proceed to do so promptly. Delay will result in over-burdening the banking institutions of the country and the Treasury Department by making it necessary to handle all conversions at the last moment and may result in the loss of the privilege of conversion altogether.
Holders of coupon bonds are strongly advised to request issue of registered bonds in order to protect themselves against the risk of loss, theft and destruction of their bonds. Official Department Circular No. 114, with forms of application, has been distributed to Federal Reserve Banks and banks and trust companies throughout the United States. These institutions are asked, as a matter of patriotic service, to assist bondholders in exchanging 44% bonds and in registering their bonds.

ARGUMENTS
Marguerite Clark will appear at the Princess Theater in "Uncle Tom's Cabin" for the last time tonight. The magnificent production of one of the most popular plays ever written has drawn large crowds to the picture house for each of the performances. Tomorrow Gladys Leslie will appear in "The Soap Girl," which is the story of a whimsical love drama of high society life and in addition, Ben Turpin will star in an excellent comedy, "A Battle Royal." Monday's program will star Bryant Washburn in his popular new production "Kiddie and Me."

SECOND CASE OF BERRIES
A second case of red raspberries has been found in the garden adjacent to the residence of Mr. J. H. Smith, of North Oliver street, near which berries and black fruit were found last year. The berries were a heavy yield of fruit in the garden and were found in the garden of Mr. J. H. Smith, of North Oliver street, near which berries and black fruit were found last year. The berries were a heavy yield of fruit in the garden and were found in the garden of Mr. J. H. Smith, of North Oliver street, near which berries and black fruit were found last year.

Says His Prescription Has Powerful Influence Over Rheumatism
Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Alleviate Completely Banishes All Rheumatic Pains and Tendrils

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.
He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.
With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.
He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. All druggists can supply you.—Adv. 2

Discoverer instructs druggists everywhere not to take a cent of anyone's money unless Bio-feren doubles energy, vigor and nerve force in two weeks.

7 A DAY FOR 7 DAYS

ANY MAN or woman who finds that they are getting backward are not as strong as they used to be, have lost confidence in their ability to accomplish things, are nervous and run down should take two Bio-feren tablets after each meal and one at bedtime. Seven a day for seven days. These tablets contain each meal until the supply is exhausted.
Then if your nervousness is not gone, if you do not feel twice as strong and energetic as before, if your sleep is not sound, if you are not able to a vigorous active one, take back the empty package and your money will be returned without comment.
No matter what nervous worry, overwork, or any other ailment, these tablets will cure you and restore your body and mind to normal. They are the only medicine in the world that will do this. They are the only medicine in the world that will do this. They are the only medicine in the world that will do this.

Pittsburgh Housewife Tells How Hard Working Women May Keep Well and Strong

Pittsburgh, Pa.—I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way.—Mrs. James Croker.

The reason Vinol was so successful in Mrs. Croker's case is because it contains the very elements needed to build up a weakened, run-down system make rich, red blood and create strength.

AMERICA ALWAYS FIRST

Making The Mare Go

More than one hundred million people do not contribute a cent to the revenues of the federal government. In other words, less than one-third of one per cent of the population of the United States is enrolled on the books of the treasury department.

This is the astounding statement made by Uncle Joe Cannon exhaustive interview in the Saturday Evening Post concerning who pays the money that makes the mare go.

He shows that in 1916 there were 437,036 returns made on individual incomes and 341,253 returns by corporations. Of these totals, 74,194 persons were exempt from paying the income tax, and only sixty per cent of the corporations making returns, 206,964, reported a positive net income.

These figures are enlightening and timely just now while congress is debating a bill which is designed to raise the largest internal revenue ever collected in a year in the history of the world.

Uncle Joe says the common conception of taxation is put the boot on the other fellow's nose. Every person has an idea that his particular business is heavily burdened by taxation, but that the business of his friend and neighbor can stand some more.

Under the indirect system of taxation, the protective tariff, everybody claimed to pay the federal tax-fellow who opposes a high protective tariff, especially those who favored free trade. The stock argument of the tariff was and still is for that matter, that the consumers paid the federal taxes by paying an excessive price for the necessities of life. But it has invariably been the rule that with the repeal of a high protective tariff and the substitution of a free trade or tariff-for-revenue only law, a period of business depression has followed. This was not the case in President Wilson's first term because conditions were abnormal due to laborers being taken out of industries in Europe because of the war, thus reducing competition for American business. At the same time however, we here in the United States saw a "war tax" levied and collected when we were not engaged in war at all. This was a pretext for paying the ordinary expenses of the government, which had formerly been met with revenue derived from duties on imported articles.

But that has changed now. We have been experiencing in the last few years what the political economists and theorists have been preaching about for so many years. The statistics on the income tax, which are presented by Uncle Joe disclose that the teachers of political economy, who have led us to believe that the income tax would bring on the millennium, were entirely wrong. The income tax has brought on the millennium of the poor man's pocket.

of the clergymen, one-half of one per cent of the college professors and school teachers, one and a half per cent of the actors, six per cent of the authors, editors and reporters, five per cent of the real estate brokers, eight per cent of the architects, seven per cent of the doctors, seven per cent of the army and navy officers, ten per cent of the manufacturers, four and a half per cent of the merchants, nineteen per cent of the lawyers, twenty-one per cent of the brokers and about one-third of the bankers made returns and paid the individual income tax.

Another interesting sidelight on Uncle Joe's exposition of the subject of taxation is his reference to the report for 1918 which shows that more than one-half of the individual income tax returns came from the five states of New York, Massachusetts, Pennsylvania, Ohio and Illinois. A preliminary report on the income taxes paid in 1917 discloses that these same five states paid two-thirds of the total collected; that three-fourths of the total was collected in the fourteen states east of the Mississippi and north of the Mason and Dixon line—the old north—and that less than one-fourth was collected in the other thirty-four states and the United States' possessions. The significance of this is that the industrial section, with less than half the wealth and population of the country, paid over 75 per cent of the taxes.

Is it any wonder then, that the solid south stands solidly behind the income tax as a means of raising federal revenue, as against the scheme of indirect taxation effected through higher tariff rates?

The Conduct of Children

Many people were greatly aggrieved over the conduct of the children at the Liberty Loan meeting in the coliseum Wednesday night when the Blue Jackets band played. The audience was disturbed on many occasions by the boisterous youngsters, and at intervals in his speech, Major Harriman had to stop and urge these children to keep still. They not only made noise, but they threw sawdust until it became unbearable for many people.

The conduct of children in public places has been referred to before by the Republican, especially during the chautauqua. It is to be deplored that public meetings can not be held without interruptions from children who are not old enough to be away from their parent's side. School teachers yesterday were unanimous in their disapproval of the actions of the young people and expressed the wish that it be made plain to the people of Rushville that the children did not behave in that manner in school. It seems to be a problem which all parents have to solve individually.

Give Them a Chance

According to General March, Chief of Staff, the beginning of September found 1,600,000 Americans in France with more than 1,350,000 on the battle front. The time is past when our forces held only a small fraction of the line and were brigaded with the French and British.

Our freight cars have little room today for talcum powder, cigars, neckties and confectionery. At all events, one wholesale consignment bought by a Rushville storekeeper is handled forty times as fast as forty parcels purchased retail from a mail-order house.

Support local stores. This is no time for forty railroad employees to be doing the work of one.

MEASURE THE MACHINE AS WELL AS THE PRICE

When our customers come to our store they ASK US THE PRICE. No man would buy a manure spreader without knowing exactly what he is going to pay for it—that is good business.

However, some men fail to get as much information about the machine as they get about the price, and this is where such men are absolutely WRONG.

Come and see the RUSHVILLE SPECIAL—look it over, and if you think it will last you twice as long as any other spreader on the market, would you be willing to pay twice as much as the other fellows ask? Perhaps not, but you ought to be willing to pay a good deal more.

Now, we are offering you the RUSHVILLE SPECIAL at a moderate price, and with it we give you a guarantee that on the face of it, should convince you that this Spreader will OUT-LAST other makes of machines, at least two to one. There is a reason for this durability, and this reason is in the material used and the manner in which the machine is built. This spreader is built at a factory where they don't build anything else. They are specialists. They are the oldest builders in the spreader business today. They make everything that goes into the machines, from the raw material. The Litchfield Mfg. Co. are NOT ASSEMBLERS.

We think this spreader is worthy of your minute inspection. COME AND SEE IT.

HIGH SCHOOL PLAN ELLIOTT IS ASKED WARTIME PROGRAM TO HELP OPPONENT

Speed up Work in Order That Release in Spring May Be Possible For Assistance On Farms

GUARD AGAINST LABOR NEEDS

Officials Believe It Would Only Result in Shortening School Periods Two Months

By emulating the program of the Indianapolis schools, whereby patriotic boys are given the opportunity for speeding up their school work in order to be released early enough for spring planting, other high schools of the state are expected to provide against any acute shortage in farm labor next spring resulting from the application of the new draft, it was announced today by National Field Organizer Carl B. Fritzsche, of the United States Boys' Working Reserve. Mr. Fritzsche was assistant director of the Reserve in Indiana during the past school year and is enthusiastic in his praise of the plan as worked out in the state capitol under the approval and supervision of Superintendent E. U. Graff.

In conformity with the policy laid down by the Indiana State Board of Education at its meeting this week, there will be no effort to shorten the school year. "It is recognized by all Reserve officials," Mr. Fritzsche says, "that it would be ill advised to curtail the education of the youth of America and that the National Director in Washington would strongly oppose any such plan. However, no such ill advised policy is involved in the Indianapolis High School plan through the adoption of which it is hoped that the same effective co-operation from high schools of the state which prevailed last year will be available next year to meet the demands of food and other war production. Educators of the State have been quick to emphasize that it is essentially patriotic that the high schools of the state recognize their opportunity for service and particularly encourage the older boys to prepare themselves to substitute for men on Indiana farms."

"The able bodied boys themselves, and their parents who desire to assist in every possible way to win the war, may be assured that their school duties need not interfere with their doing their bit for Uncle Sam in this crisis. The school superintendents last year made arrangements for the release of those boys who were entitled to credits, at an earlier date than school dismissed regularly. As a consequence many thousands of dollars worth of food stuffs were planted and cultivated that otherwise might not have been produced. Indiana farmers are depending more and more upon the boys, and the Reserve is organizing to meet this situation. The United States Department of Agriculture has recognized the importance of the Reserve in its farm labor situation and is concentrating its effort to induce farmers to avail themselves of this important reserve," said Mr. Fritzsche.

The Indiana high school boys and their parents know their first and most effective opportunity to contribute to the success of the war lies in productive work at home and they will measure their school duties in anticipation of this contribution. The boys will be available for the spring planting, now that they know that they will be protected in their school standing as soon as they have made the necessary credits. I am confident that they will prove equal to the needs of the times and be ready as early in the spring as the farmers make their wants known."

A MATTER OF CONSCIENCE

No patriotic citizen can offer the excuse of ignorance in reference to the Fourth Liberty Loan. If he has the least intelligence he must know what it is all about. If he has the faintest spark of conscience he must know his duty. It is upon that spark of conscience, even in the least patriotic, that the success of the loan depends. A man's quality as a citizen depends directly upon his support of the Fourth Liberty Loan.

Sixth District Congressman, Seeking Re-election, Invited to Join Strickland Club.

REPLIES TO THE INVITATION

Says he is Perfecting Plans Which he Thinks Will Make Such a Club Unnecessary.

Washington, Sept. 20.—Rep. Richard N. Elliott, of the Sixth Indiana Dist. was somewhat surprised this week to receive in the mail a letter from Rep. Scott Ferris, chairman of the Democratic national congressional committee, inviting him "and a few of the other prominent Democrats of your county to aid in bringing about the early organization of a patriotic, win-the-war Strickland for Congress Club." Inasmuch as the Strickland in question is Rep. Elliott's opponent in the coming congressional election, Rep. Elliott was somewhat taken back at receiving the letter and promptly sat down to write his disapproval of such methods and to inform Rep. Ferris that the formation of a "Strickland for Congress Club" would be entirely unnecessary.

"I received your communication today," wrote the Indiana congressman, "requesting me to join the 'Strickland for Congress Club.' I assure you I would be very glad to please you personally, but as I have some aspirations along this line myself, you will pardon me if I decline your generous invitation. In fact I am now perfecting plans which, I think, will make it useless for you to spend any more time on your 'Strickland for Congress Club' in the Sixth District of Indiana."

After reflecting upon this reply for some time Rep. Elliott added this postscript to his letter:

"P. S.—I had been informed by the President through an official message to Congress, some time ago, that politics had been adjourned. I thank you for correcting this false impression."

Inquiry at the Democratic congressional committee in regard to the method used in sending out invitations to join such clubs revealed that similar clubs are being formed in every contested district in the country. Lists of addresses of all Democrats in these districts are sent to the committee which then sends a form letter to each man on the list, inviting him, as a prominent Democrat, to help form the club.

"If the Democrats of the Sixth Indiana District are depending upon 'prominent Democrats' like me to win the election this fall they will be sadly disappointed," said Rep. Elliott.

ELEVEN INDIANANS IN CASUALTY LIST

393 Americans Included in Today's Report of Which Number Sixty-nine Were Killed in Action

19 MARINES IN CASUALTIES

Washington, Sept. 19.—Eleven Indianans were included in today's combined casualty list of 393 Americans whose names were reported by the war department.

Sixty-nine were killed in action; 106 missing in action; 166 wounded severely; twenty-five dead of wounds; thirteen dead of disease and ten from accident and other causes.

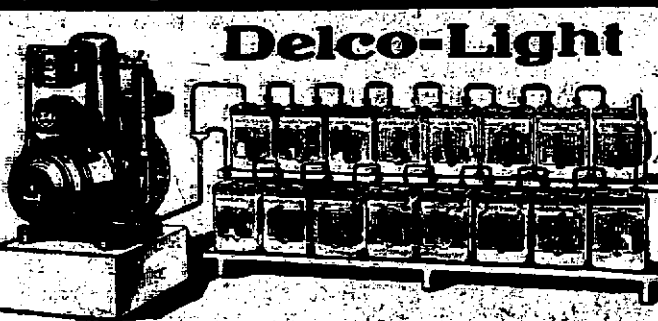

The Indiana casualties are divided as follows: killed in action—Sylvian Gazel, Elwood; Leonard Brewer, New Albany; wounded severely—William Kaiser, Indianapolis; Ollie Scott, Ladoga; Frank Simmons, Indianapolis; Edward Waggoner, Indianapolis; Neal Berth, South Bend; Roy Carroll, Nonesville; Frank Patrick, Hammond; Ardine Housard, Brooklyn; missing in action—Lawrence O'Connor, Union City. The marine casualty list of the day included a total of nineteen names, eight of which were killed in action, one killed in accident, and ten wounded.

An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons and rings in your Ford motor.

These are the results you obtain by re-boring

- You increase power from 10 to 50 per cent.
- You eliminate that sticky knock.
- You stop the escaping gas around piston rings which abnormally heats the crank case.
- You stop the admission of auxiliary air past the piston rings which affects the mixture.
- You get less overheating of the motor.
- You get less gas consumption.
- You drive down on high gear.
- You take hills with perfect ease and grace.
- You obtain greater speed in level.
- You eliminate the over-heating.
- You save money on oil.

Our Price is Reasonable.
Bring in your motor, and let us fix it up.

NO MORE CATARRH

A Guaranteed Treatment That Has
Stood The Test of Time

Catarrh cures come and catarrh cures go, but Hyomei continues to heal catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific treatment for catarrh grow greater, and the present year should show all records broken.

If you breathe Hyomei daily as directed it will end your catarrh, if it won't cost you a cent.

If you have a hard rubber Hyomei inhaler somewhere around the house, get it out and start it at once to forever rid yourself of catarrh.

Johnson's Drug Store, or any other good drug store, will sell you a bottle of Hyomei (liquid), start to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

Hyomei used regularly will end catarrh, coughs, colds, bronchitis or asthma. A complete outfit, including a hard rubber pocket inhaler and bottle of Hyomei, costs but little. No stomach dosing; just breathe it. It kills the germs, soothes and heals the inflamed membranes. —(Adv.)

Mr. and Mrs. Albert Fleckhart, assisted by Mrs. Hale Pearson, entertained with a prettily appointed dinner party last evening. The rooms were decorated with baskets and wall pockets filled with brightly colored fall flowers and a bouquet of asters which adorned the center of the dining room table. The guests included Mr. and Mrs. Leon McDaniels and daughter, Mr. and Mrs. Ben Sparks, Miss Hettie Reitherford, Mr. and Mrs. O. P. Bussard and daughter, Mr. and Mrs. Howard Mahin and son, and Frank Priest.

The members of the Ladies Aid society of the St. Mary's Catholic church met yesterday afternoon at the home of Mrs. Ed. Bishop, who was assisted by Mrs. Nellie Abercrombie. During the business session numerous plans were discussed concerning war work but nothing definitely was decided. About twenty-four members were present and enjoyed the afternoon with knitting.

The first meeting of the Evening Five Hundred club following the summer vacation will be held this evening at the home of Mr. and Mrs. Hubert Innis south of the city. The members of the club include Mr. and Mrs. Bert Davidson, Mr. and Mrs. Charles Winship, Mr. and Mrs. Cliff Winship, Mr. and Mrs. O. M. Harton, Mr. and Mrs. O. P. Wamsley and Mr. and Mrs. Innis.

Mr. and Mrs. O. P. Wamsley entertained at the Scanlan house last night with an informal card party in honor of Miss Gertrude Dixon of North Carolina and Mrs. McDonald of Indianapolis. The other guests included Ida Dixon, Mr. and Mrs. George Sues and Mr. and Mrs. Dora Hilligoss.

Mrs. Phil Wilk was the hostess yesterday for the members of the Grand club. Besides the members of the club, Mrs. Sarah Henley was among those who spent a most delightful afternoon over the tables.

The members of the Kappa Kappa sorority will meet Monday evening at the home of Mrs. Earl C. Moore in North Harrison street.

The War Mothers organization will meet tomorrow afternoon at 2 o'clock at the home of Mr. John Coonling, 813 North Sexton street.

The members of the 500 evening card club will be entertained this evening at the home of Mr. and Mrs. Bert Matlin.

SUPPORTING HIS OWN.

Every man takes pride in supporting his own family. He is doing that very thing when he buys Liberty bonds. He is doing more than that—he is protecting them against the horrors of the Prussian Kultur.

Old people stooped with suffering, Middle age, courageously fighting, Youth protesting impatiently; Children, unable to explain; All in misery from their kidneys; Perhaps a little backache first. Urinary disorders, dropsy may quickly follow.

Doan's Kidney Pills are for weak kidneys.

Are endorsed by thousands.

Here's Rushville testimony.

A. M. Younger, retired farmer, 928 W. Tenth St., says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is apt to have more or less trouble with his kidneys. At times I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passing, making me get up at night. Every time I have been that way I have bought a box of Doan's Kidney Pills at Johnson's Drug Store, and they have never failed to relieve me in a short time. I have tried all other remedies, but Doan's Kidney Pills are the same that Mr. Younger had and they are the best."

Price 50c per bottle. Get it at any drug store.

War Hints War Helps War Duties

(Compiled and condensed for the Indiana States Council of Defense by George Ade.)

To lend money on gilt-edge security and get a fair rate of interest is not a sure evidence of patriotism. But, to refuse to lend money to your country in the hour of need, when your country gives you the safe end of the transaction, would be accepted in any court as proof of blind and perverse ingratitude. If you buy a huge stack of Liberty Bonds and the neighbors thereafter fail to build a bonfire in front of your house and assemble in large numbers and call on you for a speech and ask you to run for Congress, don't be downcast and feel that your noble endeavors are not appreciated. Your full reward will lie in the fact that you can walk along the street without being pointed out as a disreputable to the community. Besides, you will have the bonds. Once more, bear in mind that the big drive for the Fourth Liberty Loan is to be short and strenuous. Go to the places where bonds are for sale in the cheerful and willing spirit shown by the men who registered last week. Mark the date—September 28th. Every subscription will drive the army a foot nearer to Berlin. As the boys at the camp say, "Let's go."

You need not go to the front to do your fighting. When you detect the noxious fumes of pro-German propaganda, put on your gas mask. If you are attacked by a temptation to disregard the food regulations, adjust your bayonet and go at the enemy. If you have to charge up a long hill in order to capture the grand total in the next drive, pay no attention to the machine-gun fire and keep moving in the forward advance. If you find a pacifist hiding in a shell-hole, send him to the hospital for treatment. If you see a premature peace offer crawling through the grass, open fire.

The U. S. Civil Service Commission, Washington, has sent out a call for stenographers and typists. They are needed in the Government offices. Special plans are being made for the housing of employees. Write to the Commission.

Do not transfer any government securities without first consulting your banker. If he advises you to transfer, go and hunt up another banker.

Two pounds of sugar per month per person. That means daily ration of one ounce per person. Weigh out an ounce and take a good hard look at it.

The common and unskilled labor of Indiana should now be on jobs that are helping to win the war.

The careful housewife is one who studies the Fair Price lists.

Days Pickings

Mr. and Mrs. Sam Newhouse received word this morning that their son Harry, has arrived at Camp Mills, Long Island, New York. Private Newhouse was in training at Camp Shelby.

The Peoples Loan and Trust company has been appointed guardian of Alvin B. Hinchman on the petition of Leonidas C. Hinchman with the agreement and by the consent of the defendant.

Miss Kate Dennis, who is at the head of the domestic science department in the Rushville high school, is ill at her home in North Main street.

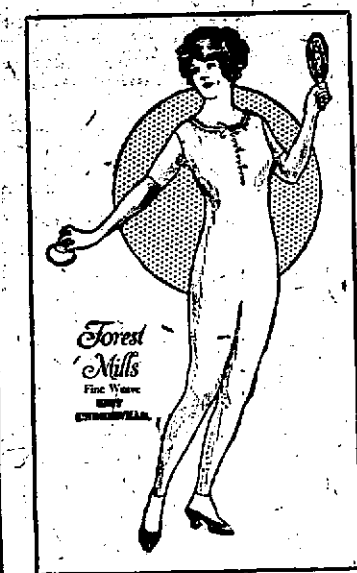

The members of the Y. P. C. U. of the First United Presbyterian church will meet this evening at 7:30 o'clock at the home of Miss May Cheek.

H. C. Aultman of Batavia, Ohio, son of Mr. and Mrs. George Y. Aultman of this city, has been appointed state school examiner for Ohio state.

Miss Vera Short has been accepted for nurses training in the City hospital in Indianapolis and expects to leave soon.

Announcing The Arrival

of our beautiful line of Christmas Greeting Cards. Last year and previous years, people have abandoned the idea of the giving of useless presents. The government says to make this a card Christmas. Our samples are here for your early inspection—not too early because you will want to remember your soldier boy in France and this mail must be in the local office by October 31st.

The samples this year are just as beautiful as previous seasons, and are not any higher in price. Everyone who bought last year must bring their plates or even calling card-plates will do.

10 per cent discount on all orders placed before October 15th, but don't wait until October 15th to place your order.

The Daily Republican

STOLE CHICKENS, CHARGE

Mrs. Mary Nesle Will Be Given Hearing Before Mayor Tomorrow

Alleging that Mrs. Mary Nesle coaxed a number of his chickens into her yard and after feeding them would not allow them to return, Grant Lacy filed a complaint asking the return of his property.

Policeman Seward attempted to induce the defendant to return the chickens to the owner but she refused, and as a result, a hearing of the case has been set for the mayor's court tomorrow morning.

RECOMMENDED FOR PLACE

David J. Bunnell Selected First Sergeant at Franklin School

David J. Bunnell, son of the Rev. and Mrs. C. J. Bunnell, today was informed that he had been recommended for appointment as first sergeant in the military training school at Franklin college, Franklin, Ind., where he was a student up to this year. Mr. Bunnell has been spending the summer here with his parents. He registered for military service on September 12. Mr. Bunnell left for Franklin this afternoon and expects to accept the appointment.

EXECUTOR'S SALE OF REAL ESTATE

Notice is hereby given that the undersigned, executor of the estate of Susan F. Buser, deceased, by order of the Rush Circuit Court will sell at Public Sale at the corner of Fifth and Jackson streets in the City of Rushville, Ind., on SATURDAY, OCTOBER 19th, 1915, at two o'clock of the afternoon, the following described real estate situated at the corner of Fifth and Jackson streets, in the city of Rushville, Indiana, to-wit:

A certain lot or parcel of land in the west corner of a lot of four acres heretofore owned by Leonidas Sexton and wife to W. A. Cullen and being adjacent to the line of the J. M. & I. railroad, and more particularly described as follows:

Beginning at a cornerstone between said lot and the street laid out by W. A. Cullen as an extension of Promenade street, at the west end of said W. A. Cullen land; thence due south to the D. M. Blevins land, about 77 feet; thence east 60 feet to the J. M. & I. railroad; thence north 77 feet to the intersection of Promenade street; thence west parallel with said street to the place of beginning. Also lot No. 8 in Wm. Blevins' addition to the town, now city of Rushville, Indiana.

TERMS OF SALE—One-half cash on day of sale, and one-half in six months; with six per cent interest from date of sale; with the purchaser giving mortgage on said real estate, securing the same, and if said property is not sold on said day, it will be continued from day to day until sold.

YOUNG & YOUNG, Attorneys.

Sept. 25, Oct. 11

COMMISSIONER'S PUBLIC SALE OF REAL ESTATE

The state will be opened in a few days under the management of the Indiana Public Sale Commission. The notice has been made.

Those holding real or personal property may have them redeemed now.

County News

In And Around Fairview

Mr. and Mrs. Miles Daubenspeck and Mrs. Rebecca Thrasher entertained for dinner Friday the following guests: Mrs. Rebecca Laques of Indianapolis, Mrs. Elizabeth Farmer, Mrs. Rose Cooley and Mrs. William Luking and son.

The funeral services of Mrs. Lane Kingery, the widow of Henry Kingery, who died at the home of her daughter in Kentucky were conducted Saturday morning at eleven o'clock at the Fairview Cemetery church by the Rev. Mr. Lewis, pastor of the Presbyterian church in Coopersville. Burial took place in the cemetery here. The deceased was a resident of this neighborhood and had a great many friends, and was the aunt of Dr. C. E. Smullen in Raleigh.

Mr. and Mrs. William Love and family, entertained at dinner Sunday

HIGH SCHOOL MUSICAL TALENT IS ASSEMBLED

Glee Club, Orchestra And Music
Classes Being Prepared For
Year's School Work.

CREDITS GIVEN FOR WORK

The music talent of the Rushville high school is being assembled by C. E. Parke, musical director, and arrangements are being made for the resuming of the excellent programs which were afforded last year by the members of the various organizations.

The high school glee club is being reorganized and has received a number of new voices which will take the places made vacant by the class which has just graduated. The fact that credits are being given to the glee club participants has added interest in the organization which is unusually popular and when completed will doubtlessly be larger than at any time in the history of the organization here.

History of music and harmony classes are also being reorganized with one credit given for an entire year's course. A half credit is also given for orchestra work, which will be organized with practically the same students who were members of the organization last year.

With The Churches

First Presbyterian church, Rushville, today at 10 a. m. "Quiet Hour" with special prayer for our nation's soldiers: 9:30 a. m. Bible school—Rally Day observance: 10:30 a. m. divine worship, sermon, "A Three-Fold Effort," with special music by the choir. At this service the newly elected officers will be installed, and the Boy Scouts presented with their new war medals. At 7:30 p. m. this congregation will unite with the other churches of the city in the memorial service to be held at the M. E. church. Thursday 7:30 p. m., regular mid-week prayer service to which all the congregation is invited.

Hero Day will be observed at the combination services at the Main Street Christian church Sunday from 9:30 to 11:30 a. m. with a patriotic program at the Bible school and a sermon by the pastor at the preaching hour on the subject, "The Hero of Heroes." Parents and friends of the soldier boys represented on the church service flag are invited. A union service will be held at 7:30 at the M. E. church, at which the Rev. C. J. Bannell will speak. Thursday evening prayer and praise service will be led by Isom Stevens.

At the First United Presbyterian church the pastor, Bible school at 9:30 A. M., preaching at 10:45 a. m., sermon church services will be conducted on subject, "The Unity of the Church." Young peoples meeting at 6:30 p. m., after which the congregation will join in the union services at the St. Paul's M. E. church at 7:30 p. m. Congregational prayer meeting on Thursday evening at 7:30 at the church.

First Baptist church—Sunday services will be held as follows: Sunday school at 9:30; public worship at 10:30 a. m. and 7:30 p. m.; subject for the morning sermon, "The Law Leading to Freedom." Sunday evening will be "Hero Day" and will be observed by a union service at the St. Paul's M. E. church.

A patriotic and flag service will be held Sunday evening in the Home Baptist church and the Rev. Andrew Pavey of Greensburg, will conduct the services.

Elder King of Indianapolis will preach at the Primitive Baptist church in North Morgan street Saturday evening at 7:30 o'clock and on Sunday at 10:30 and 7:30 p. m.

FORMER LOCAL PEOPLE THERE WITH GLAD HAND

Miss Nancy Hogsett and Clifford S. Lee, Great Indiana Troops, Passing Through Washington

CAMP SHELBY BOYS ENROUTE

Some former Rushville people were out with the "glad hand" when some Hoosier troops passed through Washington from Camp Shelby, Miss., enroute east yesterday, according to a dispatch from Washington. The story says that Clifford S. Lee of the National Republican, formerly of this city, and Miss Nancy Hogsett, who lately went to Washington as Senator James E. Watson's secretary, were at the station to see the Indiana fighters go through. Among them was Lieut. Sam Murphy, who left here with the sanitary detachment of the old Fourth Indiana, but was transferred to another Indiana regiment after reaching Camp Shelby.

This dispatch confirms previous rumors, which were known to be true that the whole 38th division at Camp Shelby was being transferred to an eastern embarkation port for service overseas.

STOMACH MISERY

Get Rid of That Sourness, Gas and Indigestion

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mi-o-na stomach tablets will give prompt relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mi-o-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back. For sale by Johnson's Drug Store and all leading druggists. —(Adv.)

The Genuine Furnace Hot Blast

ARRIVED LAST NIGHT

This is the Hot Blast that heats the floor like a furnace, no heat whatsoever gets above that hot blast ring. Every soft coal stove on the market after being used a few days gets red and ugly where hot blast joins boiler iron body. The furnace hot blast absolutely does not turn color, nor get red above the hot blast, showing that our air circulation is perfect, forcing all hot air to be deposited at the floor.

This Hot Blast has 2600 SQUARE INCHES of radiating surface while any other stove of same size has only 1800 square inches of radiation. Why shouldn't this hot blast heat the floor best on less fuel?

Our stove regulates itself with its own damper, others use dampers in pipe and must be carefully watched so as not to turn red hot. Seeing is convincing, and it is simply a treat to inspect the construction of this heater.

Burns Successfully Any Kind of Fuel Hard Coal, Soft Coal, Slack or Coke

This heater is not only durable and lasts but is very beautiful and is an ornament to any home. Remember this is the very latest model of 1918 patterns. No body iron to polish, no mica to clean and no soot in pipe. These features are guaranteed along with the fact that this stove has the weight which designates quality and heating quality.

Don't Take Our Word—We Guarantee and Install this Stove on Fair Trial—Genuine Furnace Hot Blast

Manufactured by Furnace Stove Co. Clinton, Indiana.

PLENTY OF PIPE, DAMPERS, COLLARS, COAL HODS AND SUPPLIES IN STOCK.
